

**Ref. No.** 09/935,562

MARY ROGDE

SOLAR DESALINATION PLANT

**B) Amendments to the specification : - THE AMENDED SPECIFICATION**

Substitute specification (new specification):-

The whole of the original specification has to be changed since there were extensive mistakes in the original version of the invention as pointed out by the Patent Examiner and all of them had to be corrected or amended.

Therefore, To incorporate the extensive amendments, the amended new specification is herewith submitted.
